LLOYD'S REGISTER

OF

BRITISH AND FOREIGN

SHIPPING.

LLOYD'S REGISTER

OF

BRITISH AND FOREIGN

SHIPPING.

FROM 1ST JULY, 1885, TO THE 30TH JUNE, 1886.

OFFICE, 2, WHITE LION COURT, CORNHILL, LONDON.

ESTABLISHED 1834.

The REGISTER,—which is printed solely for the information of Merchants, Shipowners, Underwriters, and others, being Subscribers or Members,—contains, in addition to the names, class, and other useful particulars relating to vessels classed by the Society, the names, dimensions, &c., of *all* vessels of 100 tons and upwards registered in the United Kingdom, and of ships of large tonnage owned abroad, some of which, although not classed by the Society, may be classed elsewhere.

The conditions regulating the classification of vessels in the REGISTER are contained in the Society's Rules.

The KEY to the REGISTER precedes the List of Vessels.

LONDON:

R. K. BURT & CO., PRINTERS, FETTER LANE.

1885.

NOTE.—*In the Register Book are inserted the names and tonnage of all Vessels belonging to the United Kingdom over 100 tons register, whether Classed or not. Those under 100 tons which appear in the Book are either now or have been previously Classed.*

LLOYD'S REGISTER OF BRITISH & FOREIGN SHIPPING,
2, *White Lion Court, Cornhill, London, E.C., 30th May,* 1885.

KEY TO THE REGISTER.

1885—86.

KEY TO SYMBOLS & ABBREVIATIONS IN REGISTER BOOK.

SYMBOLS OF CLASSIFICATION.

*⊕1 ..... Character of Iron vessels built with thicker plating than the Rules *now* require

⊕1 ⊕1 ⊕1 Characters of Iron ships built according to the Rules of the Society in force between the years 1864 and 1871.

A1 ..... Without a numeral prefixed, character of Iron vessels built for a special purpose.

100A1 95A1
90A1 85A1 } Characters of ships built of Iron or Steel according to the Rules of the Society for Iron ships since 1869.
80A1 75A1

A 1 ..... Character of Wood or Composite ships of the first class well and sufficiently equipped. The figures in column 13 indicate the term of years assigned originally or on continuation on the character A.

A 1 ..... Character of ships which have passed period assigned on original Survey, or Continuation, or Restoration, and of ships, not having an original Character, which are found to be fit to carry dry and perishable goods to and from all parts of the world.

Æ 1 ..... Character of ships fit for conveyance of dry and perishable goods on short voyages, and cargoes not in their nature subject to sea damage on any voyage.

E 1 ..... Character of ships which have been found on survey fit for the conveyance of cargoes not in their nature subject to sea damage on any voyage.

1 F 2 F .... Characters assigned to Foreign Built Ships—now discontinued.

The figure 1 affixed to a character signifies that the vessel is well and sufficiently equipped. A line after the A (thus, A—) signifies that the equipment is deficient from that required by the Rules.

A ring over the figure 1, thus Ⓐ, indicates defects in the masts or rigging of a Sailing ship imperilling the vessel's safety.

A *red* ring over the figure 1, thus Ⓐ indicates defects in the engines and boilers of a steam ship imperilling the vessel's safety.

ABBREVIATIONS (*Alphabetically arranged*), AND SIGNS.

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
		A.
a, or *a*†...	13	Equipment letter, as per Table No. 22.
(*a*)	7	Shell, end plates, furnaces and combustion chamber of boiler made of steel; stays of iron.
A.	7	Ash (timber).
A.&C.P. ...	12	Anchors and Chains proved at a Public Machine recognised by the Committee of LLOYD'S REGISTER. See Table No. 22.
Alm. rb.	7	Almost rebuilt,—with date of the work.
A.P.	12	Anchors proved at a Machine recognised by the Committee of LLOYD'S REGISTER. See Table No. 22.
A.P.T. ...	10	After Peak Tank. See Illustration following KEY to REGISTER.
Asp.	2	Asphalted.
Awning dk.	5	Built according to the Rules for Awning Decked vessels. Section 43.
		B.
b, or *b*† ...	13	Equipment letter, as per Table No. 22.
(*b*)	7	Shell, stays and end plates of boiler made of iron; furnaces and combustion chamber of steel.
B.B.	7	Black Birch (timber).
Bh.	7	Beech (timber).
B.D.	5	Bridge Deck.
B.Hds. ...	2	Bulkheads, with number of same prefixed.
B&MS.	7	Boilers and Machinery Surveyed, with date, denoting that the Boilers and Machinery, though not fitted strictly in accordance with the Rules, were found, upon inspection at that time, to be in good condition.
BS.	7	Boilers Surveyed, with date, denoting that the Boilers were found, upon inspection at that time, to be in good condition.

A List of Surveying Ports will be found at the end of the KEY TO REGISTER.

KEY TO SYMBOLS AND ABBREVIATIONS—*continued.*

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
B.S.	10	Subject to Biennial Survey.
Bk.	2	Bark (Barque).
Bkn.	2	Barkentine (Barquentine).
Bg.	2	Brig.
Bn.	2	Brigantine.
Brk.	5	Break Deck.
		C.
c, or *c*† ...	13	Equipment letter, as per Table No. 22.
(*c*)	7	Shell and stays of boiler made of iron ; end plates, furnaces and combustion chamber of steel.
C	2	Sheathed with Copper.
Cr.	7	Cedar (timber).
Chs.	7	Chestnu (timber).
C.	7	Compound Engines.
C.	13	Placed before figures signifies the number of years for which the Vessel had been Continued.
C.B.	2	Fastened with Copper or Yellow Metal Bolts, as per paragraph No. 3, Section 46 of Rules for Wood Ships.
c.f.	2	Fastened with Copper or Yellow Metal bolts, as per paragraph No. 1 in Section 46 of Rules for Wood Ships.
C.F.	2	Fastened with Copper or Yellow Metal bolts, as per paragraph No. 2 in Section 46 of Rules for Wood Ships. Also for Copper or Yellow Metal fastenings of Composite ships, as per paragraph No. 1, page 129.
C.F. ...	2	Fastened with Copper or Yellow Metal bolts for Composite ships, as per paragraph No. 2, page 129.
c.p.	12	Chains proved at a Public Machine recognised by the Committee of LLOYD'S REGISTER. See Table No. 22.
Cell. DB.	10	Cellular construction of Double Bottom. See Illustration following KEY to REGISTER.
Cem.	2	Cemented.
Cl.	7	Clincher (build).
Cmp.	7	Engines altered to Compound, with date thereof.
Cont.	10 11 12 13	Continued. With the name of Port of Survey and Date, also number of years for which the vessels are Continued on the Character A (thus, Cont. Lon. Dec. 83–8 years).
Ctr.	2	Cutter.
Cy.	7	Cylinders, with number of same prefixed. The figures after Cy. represent diameter of cylinders and length of stroke in inches.
		D.
d, or *d*† ...	13	Equipment letter, as per Table No. 22.
(*d*)	7	Shell and end plates of boiler made of steel ; stays, furnaces, and combustion chamber of iron.
d.	2	Doubled with Wood.
D.	7	Diagonal Engines.
D.B.	10	Double Bottom. See Illustration following KEY to REGISTER.
D.B.a. ...	10	Double Bottom, aft. See Illustration following KEY to REGISTER.
D.B.f. ...	10	Double bottom, forward. See Illustration following KEY to REGISTER.
D.B. under E. & B.	10	Double bottom under Engines and Boilers. See Illustration following KEY to REGISTER.
dia.d. ...	2	Bottom diagonally doubled with Wood.
Dks.	5	Decks, with number prefixed thus, 2 *Dks.*
Dr.	2	Dogger (rig).
Drp.	7	Damage repairs to Ship.
	7	Damage repairs to Machinery.
		E.
e	13	Equipment letter, as per Table No. 22.
(*e*)	7	Shell of boiler made of steel ; stays, end plates, furnaces, and combustion chamber of iron.
E.	7	Elm (timber).
E.	14	See SYMBOLS OF CLASSIFICATION at the beginning of KEY to REGISTER.
Expl. B.S.	10	Vessels built experimentally and classed subject to Biennial Survey.
Expl. T.S.	10	Vessels built experimentally and classed subject to Triennial Survey.
		F.
f	13	Equipment letter, as per Table No. 22.
(*f*)	7	Shell of boiler made of iron ; stays, end plates, furnaces, and combustion chamber of steel.
F.	2	Felt.
F.	7	Fir (timber).
F.	5	Forecastle.
F.D.	5	Flush Deck.
F.P.T. ...	10	Fore Peak Tank. See Illustration following KEY to REGISTER.
F.&Y.M.	2	Sheathed with Yellow Metal over Felt.
		G.
g	13	Equipment letter, as per Table No. 22.
(*g*)	7	Shell and end plates of boiler made of iron ; stays, furnaces, and combustion chamber of steel.
G.	2	Galliot.
G.	7	Gum (timber).
Ght	7	Greenheart (timber).
G.I.B. ...	2	Fastened with Galvanised Iron Bolts.

A List of Surveying Ports will be found at the end of the KEY TO REGISTER.

KEY TO SYMBOLS AND ABBREVIATIONS—*continued.*

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
		H.
h	13	Equipment letter, as per Table No. 22.
(*h*)	7	Shell, end plates, furnaces, and combustion chamber of boiler made of iron ; stays of steel.
H.	2	Hoy (rig).
H.	7	Horizontal Engines.
Hk.	7	Hackmatack (timber).
Hm.	7	Hemlock (timber).
HP	7	Horse Power, according to ship's official register.
H.T.	11	Half Time or Intermediate Survey held. (Section 34.)
		I.
i.....	13	Equipment Letter, as per Table No. 22.
(*i*)	7	Shell, stays, end plates, furnaces, and combustion chamber of boiler made of iron.
I.	7	Inverted Cylinders.
I.B.	2	Fastened with Iron Bolts.
		J.
j.....	13	Equipment letter, as per Table No. 22.
(*j*)	7	Shell and stays of boiler made of iron ; remainder partly of steel, partly of iron.
J.	7	Juniper (timber).
		K.
k	13	Equipment letter, as per Table No. 22.
(*k*)	7	Shell and stays of boiler made of steel ; remainder partly of steel, partly of iron.
K	2	Ketch.
		L.
l.....	13	Equipment letter, as per Table No. 22.
(*l*)	7	Shell of boiler made of steel; stays of iron ; remainder partly of steel, partly of iron.
L.	7	Locust (timber).
Lh.	7	Larch (timber).
LO.....	7	Live Oak (timber).
L.	7	Lever Engines.
lb.	7	(With figures prefixed). Boiler Pressure in pounds per square inch.
len.	7	Ship lengthened.
LA.&CP. ...	12	Anchors and Chains proved at a Machine under the Superintendence of the Committee of LLOYD'S REGISTER. See Table No. 22.

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
L.MC.	7or8	Lloyd's Machinery Certificate, with date, denoting that the Machinery and Boilers are fitted in accordance with the Rules, and found at the time mentioned in good condition.
✠L.MC.	7or8	Special Survey of Machinery during construction by the Engineer-Surveyors to LLOYD'S REGISTER.
Lr.	2	Lugger.
lrp.	7	Large repairs to Hull of Ship.
lrp.	7	Large repairs to Machinery.
		M.
m	13	Equipment letter, as per Table No. 22.
(*m*).....	7	Shell of boiler made of iron ; screw stays of steel ; longitudinal stays of iron ; remainder partly of steel, partly of iron.
M.	7	Mahogany (timber).
MS.	7or8	Machinery Surveyed, with date, denoting that the Machinery, though not fitted strictly in accordance with the Rules, was found, on inspection at that time, to be in good condition.
M.T.	10	Midship deep Tank. See Illustration following KEY to REGISTER.
Mat.	7	Materials, with number of years prefixed, indicates the different grades of Wood used in ship's construction, as per Table A.
		N.
n	13	Equipment letter, as per Table No. 22.
(*n*)	7	Shell of boiler made of iron ; stays of steel ; remainder partly of steel, partly of iron.
N.B.	7	New Bottom.
N.B.	7	New Boilers.
✠N.B.	7	New Boilers specially Surveyed during construction.
N.D.	7	New Deck.
N.E.	7	New Engines.
N.E.&B.	7	New Engines and Boilers.
✠NE&B.	7	New Engines and Boilers, which have been *specially Surveyed* during construction.
NKl.	7	New Keel.
NKlsn. ...	7	New Keelson.
NTsds. ...	7	New Topsides.
NW.	7	New Wales.
		O.
o	13	Equipment letter, as per Table No. 22.
(*o*)	7	Shell, screw stays, end plates, furnaces, and combustion chamber of boiler made of steel ; longitudinal stays of iron.
O.	7	Oscillating Cylinders.
O.	7	Oak (timber).
O.M.	7	Old materials used in ship's construction.

A List of Surveying Ports will be found at the end of the KEY TO REGISTER.

KEY TO SYMBOLS AND ABBREVIATIONS—*continued.*

Sign or Abbreviation.	No. of Col. in Register Book.	Signification.
		P.
p	13	Equipment letter, as per Table No. 22.
(*p*).....	7	Shell and longitudinal stays of boiler made of iron ; screw stays, end plates, furnaces and combustion chamber of steel.
P	7	Pine (timber).
PP.	7	Pitch Pine (timber).
P.	5	Poop Deck.
plk.	7	Plank
pt.	2	Part.
ptOM. ...	7	Part Old Materials used in ship's construction.
Pad.	2	Paddle Steamer.
		Q.
q...	13	Equipment letter, as per Table No. 22.
(*q*)	7	Shell, longitudinal stays, end plates, furnaces, and combustion chamber of boiler made of iron ; screw stays of steel.
		R.
r	13	Equipment letter, as per Table No. 22.
(*r*)	7	Shell, longitudinal stays, end plates, furnaces, and combustion chamber of boiler made of steel ; screw stays of iron.
Rest.	11	Restored. Thus, Rest. *Lon.*85-5 yrs., denotes that the vessel was restored on the A character for 5 years from 1885, and that the Survey was held at London.
retrld. ...	7	Re-treenailed.
Roof	3	Vessel built under a roof, as per Section 48 of Rules for Wood Ships.
RP.	7	Red Pine (timber).
R.Q.D. ...	5	Raised Quarter Deck.
		S.
s.....	13	Equipment letter, as per Table No. 22.
(*s*)	7	Shell, stays, end plates, furnaces, and combustion chamber of boiler made of steel.
s.	2	Sheathed with Wood.
S.	7	Spruce (timber).
Sb.	7	Sabicu (timber).
Sl.	7	Saul (timber).
Salted ...	3	Vessels salted in accordance with Rules. Section 37.
Salted† ...	3	The dagger signifies that the vessel's beams have *not* been salted.
S.	2	Ship.
Scw.	2	Screw.
Stm.	2	Steamer.
Sk.....	2	Smack.
Sp.	2	Sloop.
Sq.	2	Square Rigged.
Sr.	2	Schooner.
Sw.	2	Snow.
Spar dk.	5	Built according to Rules for Spar-Decked Vessels. Section 42.
srp.	7	Some repairs to Hull of ship.
s.s.	10 & 11	Special Survey of Iron or Steel ships. Vessels submitted to Periodical Surveys, as prescribed in the Rules for Iron Ships (thus, *s.s.* Nwc. *No.*1–85 ; *s.s.* Hull. *No.*2–85 ; *s.s.* Lon. *No.*3–85).
S.S.	11	Special Survey of Composite ships, with date, as per Section 43 of the Rules.
S.S.	10 & 11	Special Survey of Wood ships classed Æ or E, with the term of years granted them, and the year of Survey, as per Sections 61, 63, and 65 of Rules for Wood Ships (thus, SS. Whn.85–4yrs.).
S. S.	11 & 12	Special Survey. Date in red affixed denotes that the vessel has been surveyed at that time in accordance with the Rules for Wood Ships, Section 60, and the number of years indicates the term for which the vessel remains on this character (thus, S.S.Sld.85–5yrs.)
		T.
t.....	13	Equipment letter, as per Table No. 22.
(*t*)	7	Shell, screw stays, end plates, furnaces, and combustion chamber of boiler made of iron ; longitudinal stays of steel.
T.	7	Teak (timber).
Tam......	7	Tamarac (timber).
tr.B.	5	Tiers of Beams with number of same prefixed (thus 3*tr. B.*).
t s.	10	With a date denotes that the vessel has been submitted to Triennial Survey, as prescribed by Rules for Iron Ships (thus, "*t.s.* 85").
		U.
u	13	Equipment letter, as per Table No. 22.
U.M.	2	Sheathed with Union Metal.
		V.
v.....	13	Equipment letter, as per Table No. 22.
		W.
w	13	Equipment letter, as per Table No. 22.
WH.	7	Witch Hazel (timber).
WO.	7	White Oak (timber).
w.s.	7	Wales sheathed with wood.

A List of Surveying Ports will be found at the end of the KEY TO REGISTER.

KEY TO SYMBOLS AND ABBREVIATIONS—*continued.*

Sign or Abbreviation.	No. of Col. in Register Book.	Signification.
		X.
x.....	13	Equipment letter, as per Table No. 22.
		Y.
y	13	Equipment letter, as per table No. 22.
Y.M.	2	Sheathed with Yellow Metal.
YP.	7	Yellow Pine (timber).
Yt.....	2	Yacht.
		Z.
z.....	13	Equipment letter, as per Table No. 22.
Z	2	Sheathed with Zinc.
		SIGNS, &c.
✠	1	Ships built under Special Survey, as per Section 35 of the Rules.
	8	Machinery built under Special Survey, as per Section 39 of Rules for Iron Ships.
✠NE&B.	7	New Engines and Boilers built under Special Survey.

Sign or Abbreviation.	No. of Col. in Register Book.	Signification.
†	3	Following word *salted* signifies that the vessel's beams have *not* been salted.
5,85	14	Vessel at date mentioned, from reported defects, was not entitled to a character in Register Book.
3,85	14	Vessel's class withdrawn from non-compliance at date mentioned with the Society's Rules.
...	13	Vessel's class withdrawn at Owner's request.
— (after character)	14	Equipment of vessel deficient either in quality or quantity.
1	14	The figure 1 placed after a character signifies that the vessel is well and sufficiently equipped, as per Table No. 22.
Φ	14	A black ring over the figure 1 indicates defects in Mast or Rigging imperilling the ship's safety.
1	14	A red ring over the figure 1 indicates defects in Engines or Boilers of a steam ship imperilling the ship's safety.
2 or 3 *Dks*	5	Two or three Decks laid.
2 or 3 *trB.*	5	Two or three tiers of Beams, with or without Decks on them.
3 *decked-rule*	5	Built according to the Rules for Three-Decked Vessels, Section 41.

The Figures under a Character denote the date when the Vessel was last Surveyed.

When printed in red (except in the case of Vessels classed A 1 *in red) they indicate that the Survey has reference to the Stores only.*

The twelfth, thirteenth, and fourteenth Columns left blank, indicate that the Vessel has never been Classed in the Register Book.

The Figures in the thirteenth column, to vessels in the classes A in red, Æ or E class, imply that they were originally classed A, for that number of years.

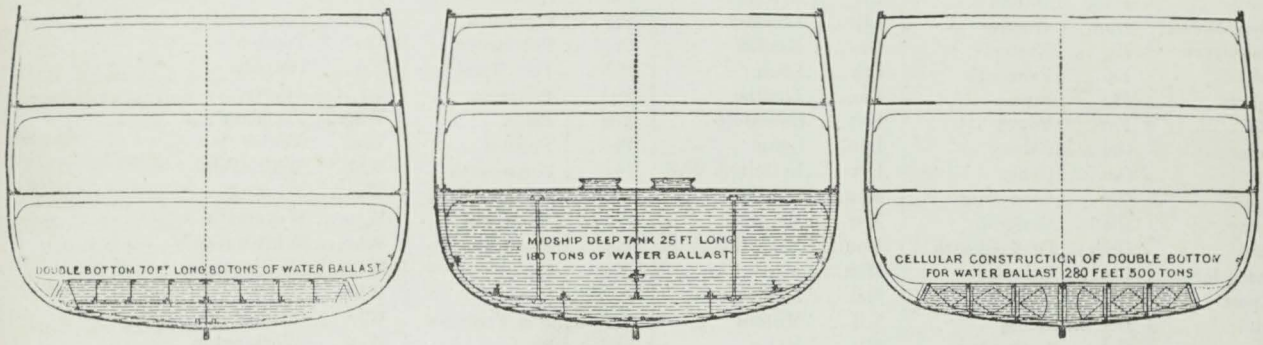
When the fourteenth column is left blank except as regards the date of Survey last recorded, it indicates that the Character has expired or been withdrawn from absence of Survey, or on account of non-payment of fee due in the case.

KEY TO ABBREVIATIONS.

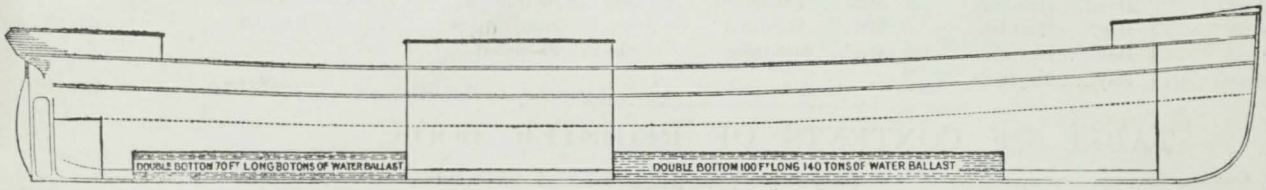
Illustrations of Notations *in the Tenth Column* of the Register Book, in regard to Double Bottoms and Water Ballast Tanks:—

DB.70ft.80tons: denoting Double Bottom 70 feet long; capacity, 80 tons.

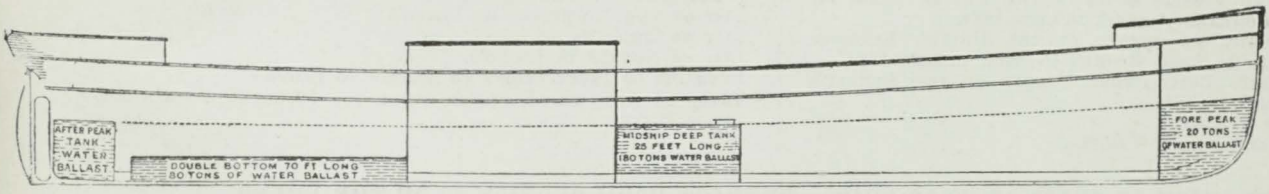
DB.a.58ft.f.40ft.180tons: denoting Double Bottom, aft 58 feet, forward 40 feet long; capacity 180 tons.



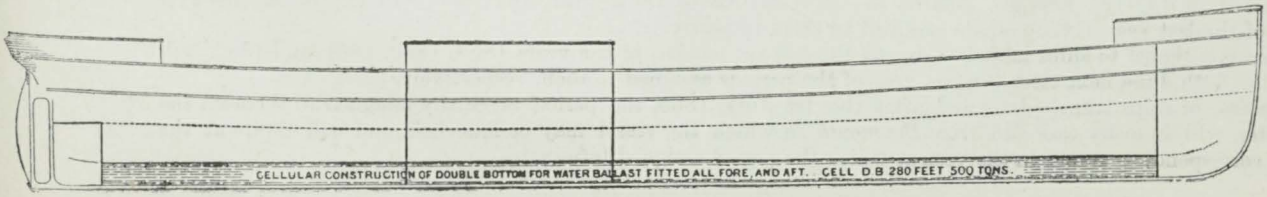
DB.a.72ft.&underE.&B.28ft.260tons: denoting Double Bottom aft 72 feet long, and under Engines and Boilers 28 feet long; capacity, 260 tons.



Cell.DB.280ft.500tons: denoting cellular construction of Double Bottom 280 feet long; capacity, 500 tons.



F.P.T.20tons: denoting Fore Peak Tank; capacity, 20 tons.



A.P.T.8tons: denoting After Peak Tank; capacity, 8 tons.

M.T.25ft.180tons: denoting Midship deep Tank, 25 feet long; capacity, 180 tons. (*See* Diagrams.)

TABLE OF CONTENTS OF REGISTER BOOK.

List of the Committee.
Liverpool Branch.
List of Surveyors.
List of Subscribers.
Table of New Vessels Built in the United Kingdom, and registered therein during 1884.
Table of Ships registered in the United Kingdom returned as Lost, Broken up, &c., during 1884.
Table of Ships Built under Survey of the Society's Surveyors in 1884.
Key to the Register.
Alphabetical Lists of Vessels.
List of Ships which have had Names Changed.
APPENDIX.
Supplementary List of Ships.
List of Owners of Ships.
Particulars of Dry Docks, &c.
List of the Committee of Lloyd's.
List of Members of Lloyd's.
List of Agents to Lloyd's.
Extracts of Instructions to Agents to Lloyd's.
Table showing the dates to which the Register Book is Posted.

EXPIRATION OF CLASS OF WOOD SHIPS.—EXTRACT FROM SECTION 59 OF THE RULES.

* The terms of years assigned to ships on the Character A, launched *previously to the 1st July*, 1859, also of ships launched during the *first* six months of the years 1860, 1861, 1862, and 1863, will expire on the 31st December of the last year of the periods assigned to them respectively.

The terms assigned to ships launched during the *last* six months of the years 1859, 1860, 1861, and 1862, will expire on the 30th June next after the last year of the periods assigned to them respectively.

In the case of ships launched on and after the 1st July, 1863, the period originally assigned to them on the A 1 character, will in every case *date from the month* in which the vessel may be launched, and will expire at the end of the corresponding month in the year at which the period assigned terminates.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. In Column 13 three dots . . . indicate that the letters a, b, c, &c., in Column 13, indicate* B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery, &c.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. * A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all the Symbols and Abbreviations used in the Register Book, see the Introduction.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—As; halted. L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠S.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) Irp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⚓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, the letters and equipment numbers in Table No. 22. from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—As, halted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, unperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots ... indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. The letters a, b, c, &c., in Column 13, indicate*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* B.Hds.—*Bulkheads.* Cem.—*Cemented* Asp.—*Asphalted.* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * ⚠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * ⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots ... indicate that the the letters and equipment numbers in Table No. 22. The letters a, b, c, &c., in Column 13, indicate from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that, at that date, the Vessel, non-compliance, at that date, with the Society's Rules. The note * (thus, * ⩓) that the Vessel has been withdrawn from built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C. ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey E.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery (certified by the Engineer-Surveyors to Lloyd's Register, Lloyd's Rooms). B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Partial repairs, of Machinery

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C.) ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs. of Machinery.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. lrp.—Large repairs. drp.—Damage repairs of Machinery.

The 12*th*, 13*th*, *and* 14*th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column* 13 *three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column* 13, *indicate the letters and equipment numbers in Table No.* 22. *In Column* 14 *a black line with date under it (thus,* 3,85) *indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,* ~~3,85~~) *indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note* * *(thus,* *) *that the Vessel has been built with heavier plating than the Rules now require. A ring in red* (O) *over the figure* 1 *indicates defects in engines or boilers of a Steam Ship, or in black* (O) *in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column* 1, *the* ✠ *signifies that the vessel was built under Special Survey.* B.Hds.—*Bulkheads.* Cem.—*Cemented.* Asp.—*Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates a Special Survey of Machinery or Boilers during construction, (thus,* ✠L.M.C., ✠N.E.&B.) hp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. In Column 13 three dots . . . indicate that the letters a, b, c, &c., in Column 13, indicate from non-compliance, at that date, with the Society's Rules. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indi the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Ve from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn f non-compliance, at that date, with the Society's Rules. The note * (thus, * ⚓) that the Vessel has been built with heavier plating than the Rules now require. ● A in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Sh safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphal*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠NE.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machin*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. *In Column 13 three dots . . . indicate that the letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require.* *A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Column 1 the ✠ signifies that the vessel was built under Special Survey* *B.Hds.—Bulkheads.* *Cem.—Cemented* *Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* *✠ indicates special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠S.E.&B.)* *lp.—Large repairs.* *drp.—Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey In Column 13 three dots . . . indicate that the Vessel is classed, but that no report has been received. B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⚓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. The letters a, b, c, &c., in Column 13, indicate from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that, at that date, the Vessel, non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cmt.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. o A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note " (thus, "A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted, L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. The letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey.*

Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, The letters a, b, c, &c., in Column 13, indicate

B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠NE.&B.) B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, the letters and equipment numbers in Table No. 2, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * ⚓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. In Column 13 three dots . . . indicate that the letters a, b, c, &c., in Column 13, indicate B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships, or machinery, repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage or from other causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel was free from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⁂) that the Vessel has been built with heavier plating than the Rules now require. A figure in red (1) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (1) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Lrp.—Large holes.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 2†. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The letters a, b, c, &c., in Column 13, indicate The note * (thus, *▲) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction (thus ✠L.M.C. ✠N.S. ✠B.) Jan. Large repairs. Jun. Damaged repairs of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. The letters a, b, c, &c., in Column 13, indicate from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that, at that date, the Vessel, non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. D.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Aspinall halted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 14 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⁂) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. b.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted. In Column 13 three dots . . . indicate that the Vessel was not classed in this Society.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

For complete explanation of all Abbreviations, &c. *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * ⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs drp.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asp halted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * ⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠S.B.&M.) lrp.—Large repairs. drp.—Damage or repairs of Machinery.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitl-d to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *~~A~~) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage to ... Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *Ⓐ) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Ⓞ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (Ⓞ) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * ⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (◯) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (◯) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., see Key at commencement of Part 1st.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note " (thus, ") that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black ( ) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Ccm.—Cemented. Asp.—Asphalted.

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lop.—Large repairs. drp.—Damage repairs, of Machinery.

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note " (thus, ") that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. E.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction (thus ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

In Column 1, the ✠ signifies that vessel was built under Special Survey. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. The letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate*

B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.(B.)) lrp.—Large repairs. drp.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register. No 14 Cairngowan *Freeboard discontinued by Owner, July*

In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.(B.)) lrp.—Large repairs. drp.—Damage repairs of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠S.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

The 12*th*, 13*th*, *and* 14*th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column* 13 *three dots . . , indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column* 13, *indicate the letters and equipment numbers in Table No.* 22. *In Column* 14 *a black line with date under it* (thus, ~~3.85~~) *indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it* (thus, 3.85) *indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note* * (thus, *✠) *that the Vessel has been built with heavier plating than the Rules now require. A ring in red* (○) *over the figure* 1 *indicates defects in engines or boilers of a Steam Ship, or in black* (○) *in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column* 1, *the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. The letters a, b, c, &c., in Column 13, indicate from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that, at that date, the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. L.Hds.—Bulkheads. Cem.—Cemented. Asp.—Azy halted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey L.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* dr.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * ✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damages repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. E.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs. of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) Irp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * ✠ 1) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey.*

B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates "special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c. *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's Society. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.83) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3.83~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *~~A~~) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (thus, ✠L.M.C., ✠S.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, ~~6,86~~) indicates that, at that date, the Vessel from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~6,86~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *~~A~~) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.

The 12*th*, 13*th*, *and* 14*th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column* 13 *three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column* 13, *indicate the letters and equipment numbers in Table No.* 22. *In Column* 14 *a black line with date under it (thus,* 3,85) *indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,* 3,85) *indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note* * (*thus,* *✠) *that the Vessel has been built with heavier plating than the Rules now require. A ring in red* (O) *over the figure* 1 *indicates defects in engines or boilers of a Steam Ship, or in black* (O) *in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column* 1, *the* ✠ *signifies that the vessel was built under Special Survey.* B.Hds.—*Bulkheads.* Cem.—*Cemented.* Asp.—*Aspahalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus,* ✠L.MC., ✠N.E.&B.) lrp.—*Large repairs.* drp.—*Damage repairs of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * ✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (thus ✠L.M.C., ✠S.E.&B.). lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, "✠") that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. E.Hds.—Bulkheads. Cem.—Cemented. Asp.—Aft halted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * A 1) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. E.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note "(▲)" that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots ... indicate that the letters and equipment numbers in Table No. 22. The letters a, b, c, &c., in Column 13, indicate from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that, at that date, the Vessel non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs. of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem—Cemented. Asp.—Aground, halliet.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots ... indicate that the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. The letters a, b, c, &c., in Column 13, indicate B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., see Introduction.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitl-d to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Register. ✠ indicates Special Survey to Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

Lloyd's complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *Ⓐ) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

LM.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠S.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, "*") that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. In Column 13 three dots ... indicate that the Class was withdrawn from the Vessel.*

B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.

C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

I.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⚓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that t Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indic the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Ves from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn fr non-compliance, at that date, with the Society's Rules. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A r in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Shi safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalt*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machin*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Ve from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn fr non-compliance, at that date, with the Society's Rules. The note * (thus, *⚓) that the Vessel has been built with heavier plating than the Rules now require. A r in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Sh safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphal*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machin

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalt*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel was not entitled to a Character in the Register Book; a red line with date under it (thus, 2.86) indicates that the Class was withdrawn from reported defects, non-compliance, at that date, with the Society's Rules. The note * (thus, *⚠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalt*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel was from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads, Cem.—Cemented Asp.—Asphalted*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Dawnus repairs, of Machinery.*

Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey B.Hds.—Bulkheads. Cem.—Cemented Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, in the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the V from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asph*

In Column 13 three dots . . . indicate th

L.M.C.—*Machinery Certified by the Engineer-Surveyor, to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyor, Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction. (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Lesser repairs of hull.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black ( ) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that t Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicat the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vess from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn fro non-compliance, at that date, with the Society's Rules. The note * (thus, * ⩓) that the Vessel has been built with heavier plating than the Rules now require. A ro in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalte*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates a special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠B.&M.S.) l.p.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn non-compliance, at that date, with the Society's Rules. The note "✠" (thus, "✠") that the Vessel has been built with heavier plating than the Rules now require. in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—As

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Ma

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c, in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn for non-compliance, at that date, with the Society's Rules. The note * (thus, *▲) that the Vessel has been built with heavier plating than the Rules now require. A red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in blaze (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—As*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 1,86) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *▲) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, ~~6.85~~) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *Ⓐ) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. In Column 13 three dots . . indicate that the Class was withdrawn at owner's request.*

B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠S.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (For ✠ M.C., ✠ N.E.&B.) lrp—Large repairs. ... drp—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,83) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,83~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates special survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built und.r Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&S.18.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. E.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted. L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Aspected. Aug.—Augmented. L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery. In Column 13 three dots . . . indicate that the Vessel has been Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. In Column 13 three dots . . . indicate that the letters and equipment numbers in Table No. 22. The letters a, b, c, &c., in Column 13, indicate (thus, 3.85) indicates that, at that date, the Vessel from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *Ⓐ) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in mast or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *Special Survey of Machinery or Boilers during construction (thus, ✠L.M.C. 3.85 B.&M.S.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *✠) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) p.—Large repairs. drp.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted. L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.93) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *▲) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.F.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠S.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots .... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at Owner's request. The letters a, b, c, &c., in Column 13, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1 the ✠ signifies that the vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.
